

FIELDBOOK **KS80**

KEY FEATURES

A powerful device

The Fieldbook KS80 is powered by a 64-bit Octa-core processor running at 1.5GHz with 3GB RAM and 32GB of internal storage capacity, to run the most demanding enterprise applications.

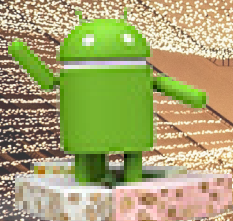

A fully rugged tablet

Designed to operate in harsh environments, the Fieldbook KS80 is certified IP68 and is totally protected against dust and water. The tablet can resist to drops, shocks and extreme temperatures (-20°C to +55°C).

Android 7.0 Nougat

Enjoy the last version of Android - Nougat 7.0 on your Fieldbook KS80. Fun new feature : double tap on the Overview button to run two apps side-by-side, new way to manage your notifications and a full access to the Google store.
